**Questions & Answers**

<b>QUESTIONS</b>	<b>ANSWERS</b>
<p>1) The solicitation documents indicate that <i>"Insurance to be included in the quotation must be for All Risk, covering 110% of the cost of the equipment proposed, and the date/place of the shipment to the date/place the delivery is completed (if applicable). The insurance shall be in the name of the bidder and the Commission."</i></p> <p>The insurance coverage requirements are not really clear, as it does not indicate which equipment/value needs to be covered.</p>	<p>As indicated in the solicitation documents, this clause is only applicable to equipment and does not apply to services. This is therefore only applicable in cases where/if bidders include equipment in their quotation.</p>
