- *Question and Answer - Clarifications No. 2*

Item#	Question	Answer
1	May we bid radio units made in USA of equivalent specifications for this request for quotation?	No, for compatibility reasons and configuration software integration with the existing equipment, the Commission cannot accept different model of radio units than specified in the Technical Specifications.
2.	We understand this solicitation only covers the delivery of 3x Ericsson Radio Unit 2217 B3 KRC161 427/1 to Seibersdorf – Austria. There is no implementation or integration service required? F.ex. integration to the existing old system?	That is correct, there is no implementation or integration service required.
