Clarifications No. 1

RFI No. 2024-0114/APYLOV *Housing Infrastructure for RN62 Cape Town, South Africa*	
Clarifications	
Question	**Answers from the Commission**
<u>Question 1</u> It is unclear to us if the bid consists of the housing only or if it also should include any of the actual systems for Noble gas detection or automatic particulate system (RN system). Please clarify.	<u>Answer 1</u> As specified in the Attachment 1 -Brief technical description, point 2 - The housing shall include an automatic particulate system (RN system), which is accepted by the Commission for use on the IMS network. The housing infrastructure must have a capacity to host a Noble Gas system, this will be provided by the Commission.
<u>Question 2</u> For the automatic particulate system please list the systems/providers/specifications accepted by CTBTO.	<u>Answer 2</u> RASA – GDMS Cinderella G2 – SENYA
<u>Question 3</u> In the two-container solution, can the containers also be provided by two separate suppliers?	<u>Answer 3</u> Yes and that should be clearly specified in the bid.
